ABOUT ME

I'm a passionate web developer focused on building with the React.js ecosystem. I've developed strong front-end skills and enjoy creating smooth, responsive user interfaces, often with real-time features. Currently expanding my knowledge of back-end technologies to become a Full-Stack MERN Developer.

INTERNSHIP EXPERIENCE

• Internship Studio, Pune 🌐   *Feb 2024 - Mar 2024*
Web Designing and Development   Remote
  ◦ Designed multiple responsive web pages using HTML5, CSS3, and JavaScript, improving user experience across devices.
  ◦ Delivered modern UI components with Bootstrap and jQuery, reducing development time by 30%.
  ◦ Built interactive forms and DOM-manipulated features, enhancing front-end interactivity and engagement.
  ◦ Presented a portfolio project showcasing front-end skills using real-world design principles, receiving positive feedback from mentors.

• BECIL - Training Organization 🌐   *Nov 2023 - Feb 2024*
Web Development Trainee   MP Nagar, Bhopal
  ◦ During this training, I strengthened my foundation in front-end web development, focusing on real-world HTML, CSS, and JavaScript projects.
  ◦ I collaborated in guided sessions to build static and interactive web pages while learning key concepts like responsive design, accessibility, and layout structuring.

EDUCATION

• Rajiv Gandhi Proudyogiki Vishwavidyalaya   *Aug 2023 - Jun 2025*
Master of Computer Applications   Bhopal, IND
  ◦ CGPA: 8.67

• Deen Dayal Upadhyaya Gorakhpur University   *Month Year*
Bachelor of Science in Computer Science   City, Country
  ◦ Percentage : 61.5%

PROJECTS

• Project A: Gmail Clone Web Application   *Apr 2025 - May 2025*
Tools: React.js, Redux Toolkit, Tailwind CSS, Firebase (Authentication & Firestore), React Router   ⦿
  ◦ Constructed a full-featured Gmail-like interface enabling users to send, receive, and view emails in real-time.
  ◦ Implemented Firebase Authentication to manage user sign-up and login, ensuring secure and smooth user access.
  ◦ Generated dynamic UI components using React and Tailwind CSS, enhancing responsiveness and user experience.
  ◦ Utilized Redux Toolkit for efficient state management and real-time email updates using Firestore integration.

• Project B: React Voice Assistant Web App   *May 2025*
Tools: React.js, Tailwind CSS, JavaScript, Web Speech API, Vite   ⦿
  ◦ Formulated a voice-controlled assistant using the Web Speech API, enabling users to interact with the app through voice commands.
  ◦ Integrated speech recognition and synthesis features to process real-time user input and deliver dynamic responses.
  ◦ Created an intuitive UI to visualize recognized voice commands and provide feedback, improving user interaction.
  ◦ Assembled modular components for voice input and command execution, ensuring easy integration with other React-based systems.

SKILLS

• Programming Languages: JavaScript, Java SE
• Frontend Technologies: React.js, Tailwind CSS, Bootstrap, Context API, Redux, Redux Toolkit, SASS, HTML5, CSS3
• Database Systems: Firebase Firestore, MySQL, Local Storage
• DevOps & Version Control: Git, GitHub, VS Code Vercel, Netlify, Firebase Hosting
• Learning Technologies: Node.js, Express.js, MongoDB

HONORS AND AWARDS

- **JavaScript VAC Certification Completion** *May 2024*
  Saksham Digital Technology(Deepika Dadore) 🌐
  - Successfully completed a 1-week project-based certification program focused on JavaScript fundamentals.
  - Gained practical experience in DOM manipulation, event handling, and building interactive UIs.

- **Data Analytics & Visualization Virtual Experience Program** *Oct 2024*
  Accenture North America via Forage 🌐
  - Executed a real-world simulation as a Data Analyst advising a social media client.
  - Prepared a strategic presentation (PowerPoint + video) to communicate findings to clients and stakeholders.

- **Web Development Certification** *Feb 2024*
  Broadcast Engineering Consultants India Ltd. (BECIL) 🌐
  - Successfully attained a government-certified program focused on front-end web development.
  - Provide skills as HTML, CSS, JavaScript, and responsive design through hands-on projects and assessments.

LEADERSHIP EXPERIENCE

- **Class Representative (MCA Department)** *Aug 2023 - Present*
  SIRT College, Bhopal
  - Acted as a bridge between faculty and students, ensuring smooth communication and scheduling.
  - Helped organize workshops and tech sessions.
